State of Ohio Orders, Restrictions, and Advisories

- Dr. Acton executed a Health Order directing all Ohioans to Stay at Home effective from 11:59 p.m. on Monday, March 23rd through May 1st, (copy of order can be found at coronavirus.ohio.gov)
- Governor DeWine recommends all Ohio residents suspend vacation travel
- The Primary Election in the State of Ohio has been postponed until April 28, 2020
- All K-12 schools are ordered closed effective, Monday, March 16, 2020 through May 1, 2020

Actions Taken to Date

- Governor DeWine has signed an Executive Order providing immediate unemployment benefits to all workers that do not have access to paid leave from an employer
- State of Ohio approved for the Economic Injury Disaster Loan Program through the U.S. Small Business Administration
- Established a single website to provide local information on community guidance to include testing protocols, resources, and closures and modifications to service delivery (<https://lucascountyhealth.com/coronavirusupdates/>)
- Established Lucas County Community COVID-19 Call Line, a 24/7 centralized phone number for the public to receive answers to clinical questions related to COVID-19

- (419) 251-4000
- (419) 291-5355
- A Donations Management System and Center has been established to accept and distribute donations
 - Established a landing page to direct donors to the appropriate place to provide their donation – Volunteer, Food, Financial Assistance, Goods (dontateTLC.org)
 - Linked this through our Health Department Coronavirus page as well
 - All donations of goods should be emailed to Donations@co.lucas.oh.us
 - Toledo Community Foundation is accepting financial donations to support the response to COVID-19
 - United Way is coordinating food donations and volunteers
 - All organizations in need of supplies, including PPE and other hard goods should submit a completed 213RR form to eoc@co.lucas.oh.us. More information can be found at <https://donatetlc.org/requests>. Requests should only be submitted if supplies cannot be obtained through standard procurement channels.

*Situational Awareness**

**New items are in red.*

- Reports from Lucas County hospitals show that hospital admissions have plateaued over the course of the last 5-7 days. Hospitals will continue to monitor this trend over the next 7 to 14 days to see if an increase in hospitalizations occurs. If the trend of admissions remains consistent, it could be an indication that we may have already realized our peak in Lucas County and that hospitalizations will continue to remain flat until they begin to decline. The HMAC and the EOC will continue to monitor these numbers both locally in Lucas County, in our region, and the other regions of northern Ohio (Zone 1 - Regions 2 and 5).
- The Governor's Office has identified a roadmap to recovery that includes a slow easing of restrictions when the following four high level conditions are met: 1. Sustained reductions in cases of COVID; 2. Adequate PPE and staffing for first responders and health care workers; 3. Appropriate testing resources; 4. Appropriate resources and personnel for contact tracing.
- **The Toledo-Lucas County Health Department in partnership with Rite-Aid, Kroger, WalMart, and the Neighborhood Health Association will be standing up public testing resource at various points this week.**
- The Governor is targeting May 1st to establish a structure to start reopening businesses. First companies that will be allowed back are those that can follow guidelines (masks, hand sanitizer, distancing, barriers, etc.) It will be gradual, fact based, and prioritize individual health while moving the economy forward.
- **The Toledo Chamber of Commerce in partnership with Toledo and Lucas County Economic Development and the Toledo Lucas County Health Department will be launching "Business Reboot", an initiative to prepare local businesses to safely resume operations in support of the Governor's Roadmap to Recovery.**

- The Toledo Lucas County Health Department in coordination with Lucas County and the cities of Oregon and Toledo are discussing conducting a COVID waste water study to gauge rates of infection and community spread.
- The Toledo-Lucas County Health Department in partnership with the hospitals will be rolling out a strategy to provide comprehensive testing and contact tracing of long term care facility residents.
- **There is a coordination call with the Toledo Correctional Institute this afternoon to discuss response protocols and planning.**
- A non-congregate sheltering resource for first responders, health care workers, and the unhoused in isolation or quarantine is operational. There are currently 14 individuals in the non-congregate shelter. In order to protect the privacy of these individuals, the location of the shelter will not be publicly disseminated.
- A sheltering resource for first responders not in isolation or quarantine but needing housing has been established effective at 8 a.m. on Monday, April 6th. Currently, there are two first responders in this semi-congregate shelter.

Resource Needs and Information Requests

The following significant resource needs and information requests have been fulfilled:

- Confirmed that TLCHD is reporting case numbers in the new State format
- Determined the number of staff necessary to conduct appropriate contact tracing
- Provided guidance to the Lucas County Common Pleas Court on best practices for building security screening process
- Identified supply chain viability for testing resources (anti-body and PCR)

The following significant resource needs and information requests are outstanding:

- Numerous PPE requests
- Temporal thermometers
- **Funding for public testing**
- Confirm FEMA reimbursement eligibility for testing resources with OEMA.
- **Compile a GIS map of long term care facilities within Lucas County.**

Incident Objectives

Daily Objectives

- Establish Incident Action Plan by 1000 hours
- Distribute Situation Report to organizations
- Provide daily media availability at 1530 hours
- Encourage and support all organizations to plan and operate their own incident command branches and feed into the EOC via appropriate Liaison or ESF desk
- Receive, respond and fulfil resource need requests provided to the EOC
- Facilitate communication amongst all organizations

- Align and consolidate as best possible all public information through the Public Information Liaison
- Ensure accessibility of COVID-19 guidance to all Lucas County residents

The following objectives have been recently completed:

- Distributed information regarding application for FEMA Public Assistance for governments, hospitals, and non-profit organizations
- Established protocol for government offices, businesses, etc. for how to handle a positive COVID-19 case among their workforce, including contact and cleaning guidance.
- Assembled a COVID-19 testing and community survey grant committee
- Obtained a call-in number for people with access and functional needs to report needs related to COVID-19 (419-885-5733)

Our top objectives for the next planning period are projected as:

- **Finalize planning for public testing**
- **Coordinate planning for congregate care facilities in Lucas County**
- **Identify transportation resources for COVID-19 positive dialysis patients**
- Establish agreement between the State of Ohio and Lucas County for alternative care facility utilization
- Execute agreement for wraparound services associated with ACF
- Establish a plan to assist businesses in developing strategies to safely return to work
- Begin planning in support of the Governor's Roadmap to Recovery

The following other objectives have been identified:

- Address the disproportionate impact of COVID-19 on communities of social vulnerability
- Support resource needs of the Board of Elections related to primary election
- Support the needs of persons with access and functional needs
- **Establish a strategy for the safe return of employees to work**

Next Update

- The next Situation Report will be released on April 21, 2020

EOC Information

- Virtualized members of the EOC are operational daily from 0800 to 1800 hours
